

DO YOU LIKE GARDENING?

Dear Community Member,

The **Garden Committee at Katimavik Elementary School** (64 Chimo Dr.) is in desperate need of some help. We have a small group of parents that try and keep up with the never ending weeds, but we are fighting a losing battle. We are looking for any members of the community that would be willing to help us.

If you LOVE gardening, and have a few spare hours a month, please help us! We are looking for anyone who is interested in helping us keep the garden looking great. If you have any ideas, or feel inspired to move a plant, or change up the garden, please let us know.

Our committee is great at lending a hand when asked, but we seem to be lacking a leader that might have the gardening expertise that could point us in a new, and weed free direction.

If you are interested in getting involved, please send an email to: terimacdonald5@gmail.com

Or, if you feel like visiting the school garden, and would like to leave your name and number, please leave a note with your contact details in the Council Mailbox situated on the wall in the front office.
